

# Presidential Management Fellow Program Fact Sheet

## Overview

The Presidential Management Fellow (PMF) Program is a flagship 2-year leadership development program administrated by the Office of Personnel Management (OPM) to recruit and attract entry-level candidates with advanced degrees. The PMF Program was established by Executive Order in 1977 to attract to the Federal service outstanding men and women from a variety of academic disciplines and career paths, that have a clear interest in, and commitment to, excellence in the leadership and management of public policies and programs. By drawing graduate students from diverse social and cultural backgrounds, the PMF Program provides a continuing source of trained men and women to meet the future challenges of public service.

Every year in early Fall, OPM recruits and pre-screens qualified candidates with Master's level or higher degrees with validated leadership potential through a rigorous assessment process. The PMF opportunity is posted on USAJOBS and applicants must meet the requirements of the PMF program to receive consideration. Applicants participate in a rigorous, multi-hurdle process to make it onto the list of program finalists.

Each year, OPM receives thousands of applications from which typically a few hundred are selected as finalists. The list of finalists is usually released mid-November. Eligibility for the finalists is good for 1-year. For a list of current finalists go to: <https://apply.pmf.gov/finalists.aspx>.

## PMF Program Requirements

- Fellows are hired into a 2-year excepted appointment at the GS-9, 11, or 12 level depending on the position and their qualifications. PMFs are eligible for promotion during their appointment without regard to time-in-grade, provided the qualification requirements of the higher graded position are met. Upon successful completion of all program requirements, PMFs **may be non-competitively converted to a permanent or term appointment**. If a PMF is converted to a term appointment, she or he may be subsequently non-competitively converted to a permanent appointment without further competition. This conversion must take effect prior to the expiration of the term appointment.
- Since OPM does the recruitment and provides the list of eligible candidates for agencies, they charge a fee of **\$7,000 per Fellow**. The reimbursement helps cover OPM 's program costs such as recruitment, assessment, selection, and leadership development of Fellows. The fee is paid for by the hiring office (e.g. Science Center). There is no central funding for PMF hires within USGS.
- As part of the program, Fellows are required to complete 80 hours of formal interactive training each year and participate in a 4 to 6 month developmental rotational assignment during the 2-year appointment.

## Hiring Process

If you have a potential PMF opportunity, please contact Alicia Gomez, USGS PMF Coordinator at [agomez@usgs.gov](mailto:agomez@usgs.gov) to discuss how to get started. Alicia can help you search finalists resumes and will provide assistance working closely with you and your servicing HR Specialist on the recruitment, onboarding, and conversion process. Finalists may also email hiring managers directly regarding potential opportunities. Please contact Alicia or your servicing HR Specialist with any questions about the process.

Don't have an appointment opportunity? The USGS can also host a PMF for a 4-6 month [Rotational Assignment](#).

For additional information about the PMF program visit: <http://www.pmf.gov/opportunity/index.aspx>.<sup>1</sup>
